Disaster Relief

When a natural disaster strikes, the GE family plays a critical role. GE and GE Foundation commit resources and employee support to assist the affected communities. GE responds as a partner for the disaster response and readiness teams. GE Foundation matches GE employee gifts to eligible disaster relief organizations such as the International Red Cross and UNICEF. It also grants aid to relief organizations. GE Volunteers work through networks at the disaster site to organize local support and align employees in the region. In addition, GE donates its unique products to address needs created by the disaster.

Key Partners: GE Employees, International Red Cross, UNICEF, IMC, CARE

Disaster Relief Profile: Sichuan, China Earthquake Supporting Young Survivors

A 7.9 magnitude earthquake hit central China on May 12, 2008, killing more than 69,000 people, injuring another 370,000 people and leaving more than 11 million people homeless.

In response, GE Foundation gave a grant to Mercy Corps, a non-profit that works to turn a crisis into an opportunity for millions of people around the world. The grant helped fund two psychosocial programs, targeting the cognitive, emotional and physical wellbeing of traumatized children and youth. Between both programs, caregivers have reached an estimated 65,000 kids.
