

How To Request Access To GTCC

There are 2 steps to gain access to STC.

- 1 - Get a valid SSO (Single sign on account) with a password.
- 2 - Have your SSO given access to STC.

You can perform both steps here...

<https://registration.gpower.com/registration/#/signin>

The image shows a user interface for requesting access to GTCC. It is divided into two main sections by a vertical line.

Left Section: If you do not have an SSO
If you need an account, it's just 3 easy steps:
A blue button labeled "Register" is shown.
Below it, the text "Fill out the form and click" is followed by a blue button labeled "Next".

Right Section: If you already have an SSO
If you already have a GE SSO account:
A blue button labeled "Log in" is shown.
Below it, the text "Enter your SSO and password" is displayed.

Below these sections, a horizontal line separates them from a navigation bar. On the left, it says "Click on the Supplier tab on the top of the screen" with a purple arrow pointing to the right. The navigation bar has three tabs: "Customer", "Supplier" (which is highlighted with a red oval), and "GE Employee".

Below the navigation bar, there is a red banner with the text "Request Access" and a link "Click here to request access to your applications." Below that, there is a table with one row:

Supplier Technical Collaboration (STC) - Gas Power	Supplier Technical Collaboration for PowerPLM-GTCC for GE Gas Power	✓ Select
--	---	----------

Request submitted then you will receive an confirmation Email
