If no firm or other price appears, no payment in excess of any monetary limitation appearing on the face of the Order Document shall be permitted without the prior written approval of GE. Licensor warrants it is authorized to receive payment in the currency stated in this Order.
- (c) Licensor agrees it shall ensure that GE receives the status of a most-favored customer with respect to matters of pricing for services or licenses provided hereunder. If Licensor agrees to more favorable terms to any of its other customers at the time of negotiations, or during the term of this Agreement, Licensor shall, within thirty (30) calendar days, notify GE in writing and ensure GE receives these more favorable pricing terms for all products and Services provided hereunder retroactive to the date of such offer - and for so long as those terms are offered to other customers. Upon such notice, this Agreement will be deemed by all parties to have been amended to incorporate all such favorable changes - excepting any changes as may be rejected in writing by GE. For the purposes of this Agreement, Updates to the Software (particularly those intended to remediate security vulnerabilities) shall be considered part of the Software and Licensor's warranty and support obligations with respect thereto shall be identical to, and coterminous with, Licensor's defined service life of the Software. Updates shall be treated for warranty purposes as the license of new software and GE shall be entitled to a separate warranty and Warranty Period for each such Upgrade. Any services delivered or performed under this Agreement shall be in accordance with the highest generally accepted standards of the profession in existence at the time such services are performed. During the Warranty Period of the Product, and for the term of any services provided hereunder, Licensor shall promptly notify GE of any defects or malfunctions in the Software or Documentation of which it learns from any source. For the full duration of the Licensor's defined service life of the Software, the Licensor will make available, through a publicly available medium, all updates required to maintain the security of the Software and remediate any Licensor-identified vulnerabilities.

(f) Open Source and Third Party Materials. Licensor represents, warrants and covenants that as required under this Agreement (i) it has disclosed all Open Source Software and Third Party Materials, and no Open Source Software or Third Party Materials have been or will be provided to GE or used as a Component of or in relation to any Software and/or Deliverables provided under the Agreement, except with the prior written authorization of GE; and (ii) all Open Source Software contained within the Software and/or Deliverables are and shall be in material compliance with the terms of the applicable licenses governing their use, and the Software and/or Deliverables or the use of them by GE shall not cause GE or GE's intellectual property rights to be subject to the terms or conditions of a Copyleft License, or require GE to fulfil any open source license obligations for any OSS contained within the Software and/or Deliverables.

(i) Deliverables – OSS Materials Requirements. Upon providing any Deliverable to GE, Licensor shall also provide to GE in writing a list of all Open Source Software that has been incorporated in, linked to, or otherwise used by the Deliverable. (For the avoidance of doubt, this requirement does not relieve Licensor from the requirement in this Agreement that all Open Source Components or Open Source Software must be disclosed to and approved in writing by GE prior to incorporation into or use in relation to any Deliverable).

(ii) Deliverables - OSS Audit. Upon GE's request, at GE's sole option, Licensor shall permit GE (or a third party service provider at Licensor's sole expense who is approved by GE) to scan any Deliverable for instances of Open Source Software. If the scan is performed by a third party service provider, Licensor shall provide GE with the complete report rendered from the scan.

(g) Third Party Pass-Through. Licensor hereby assigns to GE any and all manufacturers' or suppliers' warranties, guarantees, representations, services agreements and indemnities, if any, with respect to any third party hardware and software delivered by Licensor hereunder (i) to the extent assignable by Licensor; and (ii) only if the terms of such warranties, representations, services agreements, and indemnities are more favorable to GE than Licensor's warranties, representations, service agreements and indemnities hereunder. To the extent such warranties, guarantees, representations, services agreements and indemnities are not assignable by Licensor, Licensor agrees that GE may assert or enforce any right that GE may have to enforce such warranties, guarantees, representations, service agreements and indemnities, or if such can only be enforced by Licensor and in its own name, upon GE's request and at GE's sole expense, Licensor shall take all reasonable action requested by GE to enforce such warranties, guarantees, representations, service agreements and indemnities.

(h) Remedies for Breach of Warranty. If the Product does not meet the warranties during the Warranty Period or the term of any Support Services, Licensor shall provide, at no charge, the software and support required to attain the warranted standards. If Licensor cannot meet the warranties by performance of Support Services within the time frames and pursuant to the terms and conditions of this Agreement, GE shall have the right, in its sole discretion, and in addition to any other remedies, to one or more of the following remedies:

- (i) full or partial refunds of the license fees and/or support services fees from Licensor;
- (ii) reimbursements by Licensor for the reasonable costs of a consultant to fix the Software; or
- (iii) acceptance of impaired performance by GE in exchange for a full setoff/credit from Licensor against license fees and/or support services fees.

(i) Disclaimer of Warranty. EXCEPT FOR THE EXPRESS WARRANTIES SET FORTH IN THIS ORDER AND THOSE CONTAINED IN OR IMPLIED BY LICENSOR'S BROCHURES, LITERATURE, PAMPHLETS, SAMPLES AND PRODUCT DEMONSTRATIONS, NEITHER PARTY MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED EXCEPT AS PROVIDED BY APPLICABLE LAW.

12. INDEMNIFICATION. Licensor, at its own expense, shall indemnify and hold harmless GE, GE Affiliates, and their directors, officers, employees, agents, successors and assigns, and defend any action brought against same with respect to any claim, cause of action, liability, damage, cost, loss or expense, including attorneys' fees and expenses, based on a claim that any information, design, specification, instruction, trade secrets, software, data, or material furnished by Licensor, including the Product (collectively, "Materials"), in connection with this Order infringes or violates any patent, copyright, trade secret, license, or other proprietary right of any third party. Licensor shall control such defense and all negotiations relative to the settlement of any such claim; provided, however, that Licensor shall not enter into any settlement or compromise that adversely affects any rights of or imposes any obligation or liability on GE without the prior consent of GE. Upon Licensor's request, GE will provide Licensor with the assistance, information, and authority reasonably necessary to perform the above defense, and Licensor shall reimburse GE for reasonable out-of-pocket expenses incurred in providing such assistance. GE may, at its own expense, further assist in such defense if it so chooses. GE shall promptly provide Licensor with written notice of any claim which GE believes falls within the scope of this Section; provided, however, that failure by GE to provide such notice shall not affect Licensor's obligations under this Section to the extent that Licensor is not materially prejudiced thereby. At any time after Licensor becomes aware of any such claim, Licensor shall, to the extent possible, procure for GE the right to continue to use the Materials. If the Materials or any portion thereof is held to constitute an infringement and its use is enjoined, Licensor shall, at its option and at its own expense: (i) modify the infringing Materials without impairing in any respect the functionality or performance, so that it is non-infringing; (ii) procure for GE, at Licensor's cost, the right to continue to use the infringing Materials; or (iii) replace the Materials with an equally suitable, non-infringing replacement, which GE shall have the right to subject to reasonable acceptance testing. If none of the foregoing alternatives are available to Licensor, GE shall receive, in addition to its rights and remedies available to it under this Agreement and pursuant to law, a repayment of all license fees and Support Services fees paid to Licensor plus any costs incurred by GE in the removal of such Materials and installation of alternative products. Licensor shall accept return of the Materials at its expense, once GE has arranged for the continuation of the functions performed thereby. THIS STATES LICENSOR'S ENTIRE LIABILITY WITH RESPECT TO INDEMNIFICATION FOR PATENT, TRADEMARK, COPYRIGHT AND TRADE SECRET INFRINGEMENT FOR THE PRODUCT.

13. LIMITATION OF LIABILITY. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR ANY LOST PROFITS, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, INDIRECT, OR OTHER CONSEQUENTIAL OR INCIDENTAL DAMAGES EVEN IF THE PARTIES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH LIABILITY IS BASED ON CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, PRODUCTS LIABILITY OR OTHERWISE. THIS LIMITATION OF LIABILITY SHALL NOT APPLY IN THE CASE OF A BREACH OF EITHER PARTY'S OBLIGATIONS OF CONFIDENTIALITY OR TO THE ABOVE INDEMNIFICATION OBLIGATIONS (CLAUSE 12).

The defined terms set forth in this Section not otherwise defined in these terms shall have the meaning given to them in the PDPP. The Parties mutually acknowledge that failure to comply with this provision shall be deemed a material breach.

This Agreement may not be modified or altered except by written instrument duly executed by the parties to be bound. All communications required or otherwise provided under this Agreement shall be in writing, in English, and shall be deemed given when delivered (i) by hand, (ii) by registered or certified mail, postage prepaid; (iii) by a nationally recognized overnight courier service to the address set forth on the Order Document. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. In case any one or more of the provisions of this Agreement should be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby. No provision of this Agreement shall be construed to provide or create any third party beneficiary right or any other right of any kind in any third party, with the exception of those provisions applying to the rights of the United States Government. The rights and remedies of the parties are not exclusive and are in addition to any other rights and remedies available to the parties at law or in equity. GE will have the option to extend the Licenses provided under this Agreement to include concurrent use of the Software at additional Sites within GE, which it may exercise in its sole discretion at any time and from time to time by tendering to Licensor payment pursuant to the Order Document for each additional Site at which the Software will be so used, together with a notice identifying such additional location.

27. U.S. CODE SECTION 365(n). All rights and licenses granted under this Agreement are deemed to be, for purposes of Section 365(n) of the United States Bankruptcy Code (the "Code"), licenses to rights to "intellectual property" as defined under the Code. The parties agree that GE shall retain and may fully exercise all of its rights and elections under the Code. The parties further agree that, in the event of the commencement of bankruptcy proceedings by or against Licensor, GE retains all rights under this Agreement.

- (d) If Licensor's work under this Order involves operations by Licensor on the premises of GE or one of its customers, Licensor shall take all necessary precautions to prevent the occurrence of any injury to persons or damage to property during the progress of such work, and except to the extent that any such injury or damage is due solely to GE's or its Customer's

negligence, shall defend and indemnify GE against any claim which may result in any way from any act or omission of Licensor, its agents, employees or subcontractors.

- (b) Notwithstanding the any other provisions of this Agreement, Licensor shall keep confidential any technical, process or economic information provided by or derived from drawings, specifications and other data furnished by GE in connection with this Order and shall not directly or indirectly divulge such information for the benefit of any other party without obtaining GE's prior written consent (and, if applicable, the consent of the U.S. Government). Except as required for the efficient performance of this Order, Licensor shall not use such information or make or permit copies to be made of such information without prior written consent of GE. If any reproduction is made with prior consent, notice referring to the requirements of the foregoing paragraph shall be provided thereon. Upon completion or termination of this Agreement, Licensor shall promptly return to GE all materials incorporating any such information and any copies thereof, except for one record copy.

(v) Licensor agrees that GE may require Licensor to provide certain Personal Data ("Licensor Personal Data") such as the names, telephone numbers, and e-mail addresses of Licensor's representatives and that GE may store such data in databases located and accessible globally and use it for purposes reasonably related to this Agreement. Licensor agrees it will comply with legal requirements associated with transferring Licensor Personal Data. GE agrees to use reasonable technical and organizational measures to ensure that Licensor Personal Data is processed in conformity with applicable data protection laws.

29. PROFESSIONAL SERVICES AND PROFESSIONAL SERVICES PERFORMANCE.

- (a) If professional Services are to be provided under an Order Document or SOW then the following shall apply:
 - (i) Statement of Work. Upon GE's request and Licensor's acceptance, Licensor shall perform Professional Services pursuant to an SOW that authorized representatives of GE and Licensor have both signed prior to the start of any work, substantially in the same form as Attachment SOW. Each SOW shall specify, among other things, the agreed-upon scope of Professional Services, the SOW term, Licensor and GE responsibilities, Deliverables, a disclosure of any Open Source Software and Third Party Materials to be incorporated in the Deliverables and/or Services, Professional Service fees (which shall be in accordance with the rates/pricing set forth in attached Attachment PR, any GE authorized travel expense fees, payment schedule, Acceptance Criteria and any other testing for the Deliverables, and project timeline/delivery schedule.
 - (ii) Delivery and Cooperation. Both GE and Licensor acknowledge that each Party's cooperation is essential to the timely performance of the Professional Services.
 - (iii) Place of Performance. If Licensor Personnel are required by GE to travel to a GE facility to perform Professional Services and GE has agreed to reimburse Licensor for travel expenses

incurred by Licensor Personnel as evidenced under an SOW for which the travel and living expenses relate, GE will pay Licensor upon invoice for reasonable travel expenses incurred by Licensor Personnel subject to GE's travel and expense policy. Any Professional Services to be provided on-site at GE's facilities will be scheduled in advance by agreement of each Party as set forth in the SOW. No billable travel to GE's facilities shall be permitted unless approved in advance by GE. Both Parties will use reasonable efforts to accommodate any requested change in the scheduled dates for on-site services, subject to the availability of appropriate personnel. At GE's request, Licensor will provide receipts or other reasonably satisfactory evidence of the travel and travel-related expenses under the policy.

(b) Changes to Professional Services or Deliverables - Project Change Control Process.

- (i) No Deviation. Neither Party shall materially deviate from the terms of an SOW unless approved under a Change Order that has been mutually agreed to by both Parties and signed.
- (ii) Change Order. Either Party may request or recommend changes to the Professional Services, including changes to the scope of an SOW or Deliverables, delivery schedule, or billable fees/travel expenses, by having its Project Manager provide the other Party's Project Manager a written request or recommendation in a mutually agreed to format (each, a "Change Request"). The Project Manager of the Party receiving the Change Request shall provide a written response to the Change Request on the same form (a "Change Response") within ten (10) business days (or as otherwise mutually agreed by the Parties) after receipt of the Change Request, giving due consideration to the nature, scope, and criticality of the Change Request. Each Change Request (including a Change Response, if any) that has been mutually agreed to by the Parties in writing shall be referred to as a "Change Order."
- (iii) Licensor Requested Change. If a Change Request is submitted by Licensor to GE, the Change Request shall, to the extent known at the time of request, provide a detailed explanation of the impact that the proposed changes will have on the scope, delivery schedule, project resources, billable fees/travel expenses and any other items that Licensor knows or reasonably believes the Change Request will impact (each an "Impact Analysis"). If a complete and final Impact Analysis cannot be specified in its Change Request, Licensor shall so indicate on the Change Request, including a detailed explanation of the basis of the inability of Licensor to so determine and the date by which the Impact Analysis will be provided to GE. GE shall expressly indicate its acceptance or rejection of the Change Request after it has received the complete and final Impact Analysis from Licensor. If GE rejects a Licensor Change Request and doesn't provide a counter-proposal in whole or in part, GE shall provide Licensor with its rationale for rejecting the Change Request.
- (iv) GE Requested Change. Upon receipt of a GE Change Request, Licensor shall provide its Impact Analysis in its initial Change Response. If a complete and final Impact Analysis cannot be specified in its initial Change Response, Licensor shall so indicate on the Change Response, including a detailed explanation of the basis of the inability of Licensor to so determine and the date by which the Impact Analysis will be provided to GE. Licensor shall expressly indicate its acceptance or rejection of the Change Request after it has completed its final Impact Analysis. If Licensor rejects a GE Change Request and does not provide a counter-proposal in whole or in part, Licensor shall provide GE with its rationale for rejecting the Change Request.
- (v) Status of Change Orders. Each Change Order shall become part of the SOW to which it relates as if initially entered into as part of that SOW, and together with the SOW, shall be governed by this AGREEMENT. The Parties may mutually agree to supersede or modify the procedures in this Project Change Control Process in writing under an SOW for purposes of that Statement of Work only; provided the Parties make express reference to this Section of the AGREEMENT (or such other terms which are being superseded or modified). If there are conflicts between (or ambiguities within) any SOW and a subsequent Change Order, the

Change Order shall control. If there are conflicts between Change Orders to a particular SOW, the most recent Change Order shall control.

- (c) Project Managers. For each SOW, each Party shall designate the name and contact information (including email and telephone number) of its Personnel who shall be responsible for representing that Party in all matters regarding the Professional Services governed by the SOW (the "Project Manager"). All transfer of Deliverables and communications regarding the scope of Professional Services under the SOW shall be accomplished through the Project Managers. In addition, the Project Managers shall arrange and attend any progress review meetings, be responsible for ensuring that each Party's responsibilities have been met on a timely basis, and approve (or facilitate the approval of) any changes to the Professional Services. Either Party may change the person designated to be its Project Manager for any SOW at any time upon written notice to the other Party's Project Manager.
- (d) Performance of Professional Services & Implementation for Application Services. During Licensor's performance of Professional Services in connection with the set-up, testing, implementation, and activation of the Application Services, GE's review and acceptance of (a) the Application Services and (b) the Professional Services and implementation of the Application Services, shall comply with the requirements in this Section.
- (e) Acceptance Criteria. Acceptance of Application Services and/or Professional Services by GE requires that the Application Services and/or Professional Services be confirmed in writing by GE as meeting the applicable Acceptance Criteria. These procedures apply both to (a) Application Services and/or Deliverables constituted of software, code and/or hosting "Operational Services Deliverables") and (b) written Deliverables (e.g., project plan, business requirements document, testing strategy document, training materials and Licensor/GE process flow documents or diagrams) ("Written Deliverables"). Prior to the date on which Licensor is scheduled to deliver completed Deliverables to GE, Licensor and GE will agree upon and document (i) the Acceptance Criteria and (ii) the testing procedures for the Application Services/Deliverables, including detailed test cases and expected results ("Acceptance Tests"). GE will have the opportunity during the Acceptance Period (defined below) to evaluate and test each completed Deliverable by executing Acceptance Tests (the Parties hereby acknowledge that Acceptance Tests may not be necessary for Written Deliverables). Acceptance Tests shall be sufficiently rigorous so as to verify that the Application Services/Deliverables meet all Acceptance Criteria, and be designed to adequately determine whether the Application Services/Deliverables contain any Defects (defined below).
- (f) Acceptance Period. When Licensor has completed certain Deliverables (including Operational Services Deliverables and Written Deliverables), Licensor will deliver the Deliverables to GE and notify GE in writing that the Applications Services and/or Deliverables are ready for Acceptance Tests (or ready for GE's review, in the case of Written Deliverables). The date on which GE receives the completed Deliverables from Licensor will start the acceptance period, which shall continue for a period of up to thirty (30) days (unless otherwise mutually agreed by the Parties in the SOW or Master Project Plan) ("Acceptance Period"). In all cases, GE's obligation to review the Deliverables within the Acceptance Period will be contingent on the Deliverables being delivered to GE on schedule and in their entirety. If any Deliverables are delivered later than scheduled or incomplete, the Acceptance Period for those Deliverables shall be extended as reasonably necessary to accommodate the availability of the GE personnel responsible for reviewing such Deliverables. GE will inform Licensor promptly of the need for and duration of any extension.
- (g) GE Review and Response. GE shall notify Licensor in writing by the end of the Acceptance Period stating that the Deliverables are accepted in the form delivered by Licensor or describing any Defects as provided below. If Licensor does not receive a written acceptance or a notice of Defects from GE by the end of the Acceptance Period, Licensor shall promptly provide the GE Project Manager a written reminder that no such notification was received from GE.

30. ACCESS TO GE'S PREMISES. Notwithstanding any other terms contained herein, Licensor shall not be permitted access to GE's premises (either physical access or through remote administration systems)

without GE's advance authorization. If GE does grant Licensor access to GE's premises, Licensor shall at all times: (i) take all necessary precautions to prevent the occurrence of any injury to persons or damage to property; (ii) strictly follow GE instructions and processes with regard to safety, IT security, and physical security; and (iii) except to the extent that any injury or damage is due solely to GE's negligence, shall defend and indemnify GE against any claim which may result in any way from any act or omission of Licensor, its agents, employees, or subcontractors.
