

# GE Digital APM Suite: The Most Comprehensive in Industry

APM helps Original Equipment Manufacturers (OEMs) drive down warranty costs, improve customer satisfaction, and accelerate innovation with insights from their installed base.

GE customers are already seeing positive outcomes using APM.

**reduction in  
reactive maintenance**

**10-40%**

by detecting problems early, turning unplanned downtime into planned downtime

**inventory cost reduction**

**5-10%**

by determining spare parts requirements based on failure rates, logistical constraints, and downtime

**gain in employee  
productivity**

**5-25%**

with prioritized maintenance based on criticality and cost
