1. **ACCEPTANCE OF TERMS.** Supplier agrees to be bound by and to comply with all terms set forth herein and on the purchase order (“PO”) to which these terms are attached or are incorporated by reference (such as amended or supplemented, and together with any specifications and other documents referred to herein or on the PO, collectively, this “Order”). This Order is an offer to purchase the goods and/or services (including any required documentation) described herein. This Order shall not constitute an acceptance of any offer to sell, quotation or other proposal from Supplier, even if referred to in this Order. **Acceptance of this Order is expressly limited to the terms of this Order.** Buyer hereby notifies Supplier in advance that Buyer objects to any terms and conditions included with Supplier’s quotation, invoice or other document which are additional to or different than the terms of this Order, and none of such additional or different terms shall be part of the contract between Supplier and Buyer, unless specifically accepted by Buyer in writing. This Order shall be irrevocably accepted by Supplier upon the earlier of: (a) Supplier’s issuing any acceptance or acknowledgement of this Order; or (b) Supplier’s commencement of the work called for by this Order in any manner. The terms set forth in this Order take precedence over any additional or different terms in any other document connected with this transaction unless such additional or different terms are: (a) part of a written agreement (“Agreement”), which has been negotiated between the parties and which the parties have expressly agreed may override these terms in the event of a conflict; or (b) set forth on the PO to which these terms are attached. In the event these terms are part of an Agreement between the parties, the term “Order” used herein shall mean any purchase order issued under the Agreement.

2. **PRICES, PAYMENTS AND QUANTITIES.**

2.1 **Prices.** All prices are firm and shall not be subject to change. Supplier’s price includes all taxes, fees and/or duties applicable to the goods and/or services purchased under this Order; provided, however, that any value added tax that is recoverable by Buyer, country, state and local sales, use, excise and/or privilege taxes, if applicable, shall not be included in Supplier’s price but shall be separately identified on Supplier’s invoice. If Supplier is legally obligated to charge value added and/or similar tax, Supplier shall invoice Buyer in accordance with applicable rules to enable Buyer to reclaim such tax. Neither party is responsible for taxes on the other party’s income or the income of the other party’s personnel or subcontractors. If Buyer is legally required to withhold taxes for which Supplier is responsible, Buyer shall deduct such taxes from payment to Supplier and provide Supplier a valid tax receipt in Supplier’s name. If Supplier is exempt from or eligible for a reduced rate of withholding tax, Supplier shall provide to Buyer a valid tax residency certificate or other required documentation at least thirty (30) days prior to payment being due. Supplier warrants the pricing for any goods or services shall not exceed the pricing for the same or comparable goods or services offered by Supplier to third parties. Supplier shall promptly inform Buyer of any lower pricing levels for same or comparable goods or services, and the parties shall promptly make the price adjustment. In addition, the parties agree that if Buyer receives from a third party a competitive offer to provide goods and/or services pursuant to one or more terms (including, without limitation, price, term, volume, quality, performance, freight and/or payment terms) that is more favorable to Buyer (the “Favorable Terms”) than the terms then in effect under this Order or the PO, Buyer shall provide Supplier a written notice on Buyer’s letterhead signed by an authorized Buyer representative with sufficient information to allow Supplier to provide Buyer with a competitive counter-offer. If Supplier does not provide within fourteen (14) days following the receipt by Supplier of Buyer’s notice of such competitive offer on Favorable Terms, Buyer may, at its option and in its sole discretion, terminate this Order or the PO already placed with Supplier for the goods and/or services and purchase such goods and/or services from such third party on such Favorable Terms or accept an offer from Supplier to meet such Favorable Terms for the quantity of goods and/or services subject to the third party offer. There is no limit to the number of times that Buyer may exercise its rights under this section during the term of this Agreement.

2.2 **Payment Terms.**

(a) Standard Terms.

The following clause shall apply when the Subcontractors Act of Japan is not applicable. The ordinary net date (“Net Date”) shall be ninety (90) days after the Payment Start Date. The “Payment Start Date” is the date the goods and/or services are recorded as received in Buyer’s receiving system or an earlier date as determined by Buyer in its sole discretion. The received date of the goods and/or services shall occur: (i) in the case where the goods are shipped directly to Buyer and/or services are performed directly for Buyer, with respect to such goods, within forty-eight (48) hours of Buyer’s physical receipt of the goods at its dock and with respect to such services, within forty-eight (48) hours of Supplier’s completion of the services; (ii) in the case of goods shipped directly to: (A) Buyer’s customer or a location designated by Buyer’s (“MSP”); or (B) a non-Buyer/non-customer location to be incorporated into MSP, within fortyeight (48) hours of Supplier presenting Buyer with a valid bill of lading confirming that the goods have been shipped from Supplier’s facility; (iii) in the case where goods are shipped directly to or services are performed directly for a third party in accordance with this Order, with respect to such goods, within fortyeight (48) hours of Buyer’s receipt of written certification from the third party of its receipt of the goods and with respect to such services, within fortyeight (48) hours of Buyer’s receipt of written certification from the third party of Supplier’s completion of the services. Unless Buyer makes payment on an early payment date as described in subsection (aa) below, Buyer shall make payment by the Net Date. If a payment is not made by Buyer by the Net Date, then Supplier shall have the right to charge Buyer interest on the overdue amount at a rate which shall compensate for such loss as has been directly caused by the late payment and which shall not exceed a rate equal to 3% per annum, unless prohibited by Law (as defined in Section 15.1). Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. Buyer shall pay the interest together with the overdue amount. The parties expressly agree that the foregoing remedy constitutes the sole and exclusive remedies for late payments.

(aa) Early Payment. Unless otherwise set forth on the PO or in this Order, Buyer shall be entitled, either directly or through a Buyer Affiliate, to take an early payment reduction of 0.0333% of the gross invoice price for each day before the Net Date that payment is made. For example, an early payment reduction of 2.5% would correspond to a payment made seventy-five (75) days earlier than the Net Date and an early payment reduction of 0.333% would correspond to a payment made ten (10) days earlier than the Net Date.

The following clause shall apply when the Subcontractors Act of Japan is applicable. The ordinary net date (“Net Date”) shall be sixty (60) days after the Payment Start Date. The “Payment Start Date” is the received date of the goods and/or services, provided that Supplier shall promptly issue the valid invoice to Buyer for payments. The received date of the goods and/or services shall occur: (i) in the case where the goods are shipped directly to Buyer and/or services are performed directly for Buyer, with respect to such goods, the date of Buyer’s physical receipt of the goods at its dock and with respect to such services, the date of Supplier’s completion of the services; (ii) in the case of goods shipped directly to: (A) Buyer’s customer or a location designated by Buyer’s customer (“MSP”); or (B) a non-Buyer/non-customer location to be incorporated into MSP, the date of Supplier presenting Buyer with a valid bill of lading confirming that the goods have been shipped from Supplier’s facility; (iii) in the case where goods are shipped directly to or services are performed directly for a third party in accordance with this Order, with respect to such goods, the date of Buyer’s receipt of written certification from the third party of its receipt of the goods and with respect to such services, the date of Buyer’s receipt of written certification from the third party of Supplier’s completion of the services. Buyer shall make payment by the Net Date by wiring to Supplier’s bank account separately designated by Supplier. If a payment is not made by Buyer by the Net Date, then Supplier shall have the right to charge Buyer interest on the overdue amount at a rate which shall compensate for such loss as has been directly caused by the late payment and which shall not exceed a rate equal to 14.6% per annum or the rate stipulated by the Subcontractors Act of Japan. Such interest shall accrue on a
daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. Buyer shall pay the interest together with the overdue amount. The parties expressly agree that the foregoing remedy constitutes the sole and exclusive remedies for late payments.

(b) Miscellaneous. If requested by Buyer, settlement and invoicing shall be paperless and in a format acceptable to Buyer. Supplier’s invoice must: (i) bear Buyer’s Order number and (ii) be issued only after delivery in accordance with this Order has occurred, but not later than one hundred and twenty (120) days after Buyer’s receipt of the goods and/or Supplier’s completion of the services. Buyer shall be entitled to reject Supplier’s invoice if it fails to include Buyer’s Order number, is issued after the time set forth above or is otherwise inaccurate, and any resulting: (i) delay in Buyer’s payment; or (ii) nonpayment by Buyer shall be Supplier’s responsibility, and in such circumstances of non-payment of an invoice by Buyer, Supplier shall be deemed to have waived any fees, charges, costs or expenses invoiced therein. All goods and/or services provided by Buyer to Supplier for production of the goods and/or services delivered hereunder shall be separately identified on the invoice (i.e., consigned material, tooling, or technology (often referred to as an “Assist” for import/customs purposes)). Each invoice shall also include any reference information for any consigned goods and shall identify any discounts, credits or rebates from the base price used in determining the invoice value. Supplier warrants that it is authorized to receive payment in the currency stated in this Order. No extra charges of any kind shall be allowed. Buyer may withhold total or partial payment until the goods/services conform to the requirements of this Order. Buyer’s payment of an invoice shall not constitute its acceptance of the goods or services. Buyer shall be entitled at any time to set-off any and all amounts owed by Supplier or a Supplier Affiliate (defined below) to Buyer or a Buyer Affiliate (defined below) on this or any other order. “Affiliate” shall for the purposes of this Order mean, with respect to either party, any entity, including, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with such party.

2.3 Quantities.

(a) General. Buyer is not obligated to purchase any quantity of goods and/or services except for such quantity(ies) as may be specified by Buyer either: (i) on the PO; (ii) in a release on the PO; or (iii) on a separate written release issued by Buyer pursuant to this Order. Supplier shall not make material commitments or production arrangements in excess of Buyer’s specified quantities and/or in advance of the time necessary to meet Buyer’s delivery schedule. Should Supplier do so, any resulting exposure shall be for Supplier’s account. Goods delivered to Buyer in excess of the Buyer’s specified quantities and/or in advance of schedule may be returned to Supplier at Supplier’s risk, and Supplier shall be responsible for all related costs and expenses incurred by Buyer.

(b) Replacement Parts. Replacement parts for goods purchased by Buyer are for the purpose of this Section defined as “Parts” and are considered “goods” under this Order. Unless specified otherwise by Buyer in writing, Supplier shall provide Parts for a period of twenty (20) years after production of the goods ceases or upon Buyer’s consent to an alternative replacement part that provides the same form, fit and function as the Part. Supplier shall continue to supply such Parts past the twenty (20) year period if Buyer orders at least twenty (20) Parts per year during such twenty (20) year period. The prices for any Parts purchased in the first two (2) years of the twenty (20) year period shall not exceed those prices in effect at the time of production of the goods cease, and no set up charges shall be permitted by Supplier or paid by Buyer during this two (2) year period. Thereafter, the prices for Parts shall be negotiated based on Supplier’s actual cost of production of such Parts plus any special packaging costs. No minimum order requirements shall apply unless the parties mutually agree in advance. After the end of the twenty (20) year period, Supplier shall continue to maintain in good working condition all Supplier owned tooling required to produce the Parts, and shall not dispose of such tooling without offering Buyer the right of first refusal to purchase such tooling. If Supplier plans to discontinue production of the Parts after the twenty (20) year period, then Supplier shall provide Buyer with one calendar year’s notice prior to discontinuing such Parts.

3. DELIVERY AND TITLE PASSAGE.

3.1 Delivery. Time is of the essence of this Order. If Supplier delivers the goods or completes the services later than scheduled, Buyer may assess such amounts as liquidated damages for the time period between the scheduled delivery date and the actual delivery date (the “Delay Period”) without any further notice to Supplier. The parties agree that if liquidated damages are set forth on the PO or in this Order, they are the exclusive remedy for the damages resulting from the Delay Period only; are reasonable and proportionate to produce Buyer’s legitimate interest as a result of delay based on circumstances existing at the time this Order was issued; and are to be assessed as liquidated damages and not as a penalty. Buyer’s resort to liquidated damages for the Delay Period does not preclude Buyer’s right to other remedies, damages and choices under this Order other than the damages resulting from the Delay Period, including, but not limited to Buyer’s right to terminate this Order for non-delivery. If no liquidated damages are set forth on the PO or in this Order, Buyer shall be entitled to recover all damages it incurs as a result of Supplier’s failure to perform as scheduled. All delivery designations are Incoterms® 2010. Unless otherwise set forth on the PO, all goods provided under this Order shall be delivered FCA Port of Import except goods that are to be shipped directly to Buyer’s customer or a location designated by Buyer’s customer shall be delivered FCA Port of Export if to be exported and shall be delivered EXW Supplier’s facility if not to be exported. The term EXW used herein is modified from the Incoterms® 2010 definition to mean “EXW with Supplier responsible for loading the goods at Supplier’s risk and expense”. Buyer may specify contract of carriage in all cases. Failure of Supplier to comply with any such Buyer specification shall cause all resulting transportation charges to be for the account of Supplier.

3.2 Title. Unless otherwise stated on the PO or in this Order: (a) title to goods shipped from the U.S. for delivery to all locations shall pass at: (i) Supplier’s dock for goods shipped directly to a non-Buyer’s facility; (ii) port of import for goods shipped to Buyer’s non-U.S. facility; and (iii) Buyer’s dock for goods shipped to Buyer’s U.S. facility; (b) title to goods shipped from one country in the European Union (“EU”) for delivery to another country within the EU, shall pass: (i) when the goods leave the territorial land, air or sea space of the EU source country for goods shipped directly to a non-Buyer’s EU facility; and (ii) at Buyer’s dock for goods shipped to Buyer’s EU facility; (c) title to goods shipped from the source country for delivery within the source country (excluding shipments within the U.S., which are governed by subsection (a) above) shall pass at: (i) Supplier’s dock for goods shipped directly to a non-Buyer’s facility; and (ii) Buyer’s dock for goods shipped to Buyer’s facility; (d) title to goods shipped from outside the U.S. for delivery to a different country outside the U.S. (excluding shipments within the EU, which are governed by subsection (b) above) shall pass at: (i) the port of export after customs clearance for goods shipped directly to a non-Buyer’s facility; and (ii) port of import if shipped to Buyer’s facility; and (iii) title to goods shipped from outside the U.S. for delivery within the U.S. shall pass at: (i) the port of export after customs clearance for goods shipped directly to a non-Buyer’s facility; and (ii) Buyer’s dock if shipped to Buyer’s facility. For this purpose, Buyer and Supplier acknowledge that the territorial seas of the U.S. extend to twelve (12) nautical miles from the baseline of the country determined in accordance with the 1982 United Nations Convention of the Law of the Sea. In all events, risk of loss shall transfer to Buyer upon title passage of goods or upon completion of services.

4. BUYER’S PROPERTY. All tangible and intangible property of whatever kind or nature and in whatever form or medium, including without limitation information or data of any description, tools, materials, drawings, plans, strategies, computer software, know-how, documents, trademarks, copyrights, equipment and all Intellectual Property Rights (as defined in Section 5 below): (a) furnished to Supplier by Buyer; (b) specifically paid for by Buyer; or (c) created with Buyer’s IP Rights (defined in Section 5 below) shall be and remain Buyer’s personal property (collectively, “Buyer’s Property”). Such Buyer’s Property furnished by Buyer shall be accepted by Supplier as “AS IS” with all faults and without any warranty whatsoever, express or implied, shall be used by Supplier at Supplier’s own risk, and shall be subject to removal at Buyer’s written request. Supplier shall not substitute any other property for Buyer’s property. Prompally upon receipt of a removal request from Buyer, Supplier shall prepare such property for shipment and redeliver to Buyer at Supplier’s expense in the same condition as originally received by Supplier, reasonable wear and tear excepted. Prior to using Buyer’s Property, Supplier shall inspect it and train its

personnel and other authorized users in its safe and proper operation. In addition, Supplier shall: (i) keep Buyer’s Property free of encumbrances and insured at its expense at an amount equal to the replacement cost thereof with loss payable to Buyer; (ii) plainly mark or otherwise adequately identify it is owned by Buyer; (iii) unless otherwise agreed to by Buyer in writing, store it separate and apart from Supplier’s and third party owned property under Supplier’s control; (iv) maintain it properly, and in compliance with any handling and storage requirements provided by Buyer, or that accompanied it when delivered to Supplier; (v) supervise its use; and (vi) use it only to meet Buyer’s Orders without disclosing or otherwise reproducing it for any other purpose.

5. INTELLECTUAL PROPERTY.

5.1 General. Buyer hereby grants a non-exclusive, non-assignable license, which is revocable with or without cause at any time, to Supplier to use any information, drawings, specifications, computer software, know how and other data furnished or paid for by Buyer hereunder for the sole purpose of performing this Order for Buyer. The parties agree that each party exclusively owns all Intellectual Property Rights it had prior to the commencement of this Order; however, Buyer shall own exclusively all Buyer’s Property (as defined in Section 4 above) created in or resulting from Supplier’s performance under this Order (collectively, “Buyer’s IP Rights”). Supplier hereby transfers and assigns to Buyer, the entire right, title and interest throughout the world in and to the Buyer’s IP Rights. Supplier further agrees to enter into and execute any documents that may be required to transfer or assign ownership in and to any Buyer’s IP Rights to Buyer. To the extent Supplier cannot, by operation of law or otherwise, make the foregoing assignment, Supplier hereby grant Buyer an irrevocable, perpetual, worldwide, nonexclusive, paid-up, royalty-free, fully transferable, sublicenseable (through all tiers of sublicensees) right and license to use, execute, reproduce, publicly perform, publicly display, distribute, and prepare derivative works of any such Buyer’s IP Rights and any derivative works thereof, and to exercise any right of copyright ownership not listed herein or that may subsequently be added by Law, and to make, have made, use, sell, offer for sale and import products and processes utilizing any such Buyer’s IP Rights, and to exercise any rights of patent ownership not listed herein or that may subsequently be added by Law, but in any case limited to the extent needed by Buyer to exploit Buyer’s IP Rights. In connection with the foregoing assignment and transfer, Supplier hereby waives its present and future Moral Rights in the Buyer’s IP Rights as permitted by Law and undertakes to procure that all present and future Moral Rights in the Buyer’s IP Rights are waived by the relevant author or other owner of such rights as permitted by Law. Should Supplier, without Buyer’s prior written consent and authorization, design or manufacture for sale to any person or entity other than Buyer any goods substantially similar to, or which reasonably can substitute or repair, a Buyer good, Buyer, in any adjudication or otherwise, may require Supplier to establish by clear and convincing evidence that neither Supplier nor any of Supplier Personnel or agents used in whole or in part, directly or indirectly, any of Buyer’s Property, as set forth herein, in such design or manufacture of such goods. As used herein, “Moral Rights” means the personal rights of the author of a copyright work which are not capable of assignment, including without limitation the right to be identified as the author of the work and the right to object to derogatory treatment of the work and rights of a similar nature having effect throughout the world; and “Intellectual Property Rights” patents, utility models, rights to inventions, copyright and neighbouring and related rights, Moral Rights, trademarks and service marks, business names and domain names, rights in get-up and trade dress, goodwill and the right to sue for passing off or unfair competition, rights in designs, rights in computer software, database rights, rights in proprietary information, rights to use, and protect the confidentiality of, confidential information (including know-how and trade secrets) and all other intellectual property rights, in each case whether registered or unregistered and including all applications and rights to apply for and be granted, renewals or extensions of, and rights to claim priority from, such rights and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world, including the right to sue for, and to recover any damages and other remedies in respect of, any infringement of these rights which occurred or commenced prior to the effective date of this Order.

5.2 Embedded Software. To the extent any goods contain Embedded Software (defined below) that is not Buyer’s Property, no title to such Embedded Software shall pass to Buyer, and Supplier shall grant Buyer, its customers and all other users a non-exclusive worldwide, irrevocable, perpetual, royalty-free right to use, load, install, execute, demonstrate, market, test, resell, sublicense and distribute such Embedded Software as an integral part of such goods or for servicing the goods (the “Embedded Software Required License”). If such Embedded Software or any part thereof is owned by a third party, prior to delivery, Supplier shall obtain the Buyer-Required License from such third party owner. “Embedded Software” means software necessary for operation of goods and embedded in and delivered as an integral part of goods.

6. CHANGES.

6.1 Buyer Changes. Buyer may at any time make changes within the scope of this Order in any one or more of the following: (a) drawings, designs or specifications; (b) method of shipment or packaging; (c) place and time of delivery; (d) amount of Buyer’s furnished property; (e) quality; (f) quantity; or (g) scope or schedule of goods and/or services. Supplier shall not proceed to implement any change until such change is provided in writing by Buyer. If any changes cause an increase in the cost or schedule of any work under this Order, an equitable adjustment shall be made in writing to the Order price and/or delivery schedule as applicable. Any Supplier claim for such adjustment shall be deemed waived unless asserted within thirty (30) days from Supplier’s receipt of the change or suspension notification and may only include reasonable, direct costs that shall necessarily be incurred as a direct result of the change.

6.2 Supplier Changes. Supplier shall notify Buyer in writing in advance of any and all: (a) changes to the goods and/or services, their specifications and/or composition; (b) process changes; (c) plant and/or equipment/tooling changes or moves; (d) transfer of any work hereunder to another site; and/or (e) sub-supplier changes, and no such change shall occur until Buyer has approved such change in writing. Supplier shall be responsible for obtaining, completing and submitting proper documentation regarding any and all changes, including complying with any written change procedures issued by Buyer.

7. INSPECTION/TESTING AND QUALITY.

7.1 Inspection/Testing. In order to assess Supplier’s work quality and/or compliance with this Order, upon reasonable notice by Buyer all: (a) goods, materials and services related to the items purchased hereunder, including, raw materials, components, assemblies, work in process, tools and end products shall be subject to inspection and test by Buyer, its customer, representative or regulatory authorities at all places, including sites where the goods are made or located or the services are performed, whether at Supplier’s premises or elsewhere; and (b) of Supplier’s facilities, books and records relating to this Order shall be subject to inspection by Buyer or its designee. If specific Buyer and/or Buyer’s customer tests, inspection and/or witness points are included in this Order, the goods shall not be shipped to Buyer, unless in Buyer’s possession, or Buyer’s authorized representative or Buyer’s customer, without Buyer’s prior written consent. If specific Buyer and/or Buyer’s customer tests, inspection and/or witness points are included in this Order, the goods shall not be shipped to Buyer, unless in Buyer’s possession, or Buyer’s authorized representative or Buyer’s customer, without Buyer’s prior written consent.

7.2 Quality. When requested by Buyer, Supplier shall promptly submit real-time production and process data (“Quality Data”) in the form and manner requested by Buyer. Supplier shall provide and maintain an inspection, testing and process control system (Supplier’s Quality System) covering the goods and services provided hereunder that is acceptable to Buyer and its customer and complies with Buyer’s quality policy, quality requirements in this Order and/or other quality requirements that are otherwise agreed to in writing by the parties (“Quality Requirements”). Acceptance of Supplier’s Quality System by Buyer does not alter Supplier’s obligations and/or liability under this Order, including, Supplier’s obligations regarding its sub- suppliers and subcontractors. If Supplier’s Quality System fails to comply with the terms of this Order, Buyer may require additional quality assurance measures at Supplier’s expense necessary to meet Buyer’s Quality Requirements. Supplier shall keep complete records relating to Supplier’s Quality System, including all testing and inspection data and shall make such records available to Buyer and its customer for the longer of: (a) three (3) years after completion of this Order; (b) such period as set forth in the
specifications applicable to this Order; or (c) such period as required by Law. If Supplier is not the manufacturer of the goods, Supplier shall certify the traceability of the goods to the original equipment manufacturer on the certificate of conformance. If Supplier cannot certify traceability of the goods, Supplier shall not ship such goods to Buyer without obtaining Buyer’s written consent. Any review or approval of drawings by Buyer shall be for Supplier’s convenience and shall not relieve Supplier of its responsibility to meet all requirements of this Order.

7.3 **Product Recall.**

(a) If a recall is required by Law, or Buyer or Supplier reasonably determines that a recall is advisable based on the fact that the goods create a potential safety hazard, the parties shall promptly communicate such facts to each other. At Buyer’s request, Supplier shall promptly develop a corrective action plan, which shall include all actions required to recall and/or repair the goods and any actions required by Law (“Corrective Action Plan”) for Buyer’s review and approval. At Buyer’s election, Buyer may develop the Corrective Action Plan. Supplier and Buyer agree to cooperate and work together to ensure that the Corrective Action Plan is acceptable to both parties. In no event shall Buyer and Supplier’s failure to agree on the Corrective Action Plan delay the timely notification of a potential safety hazard to users of the goods or cause either party to be non-compliant with Law. Supplier and Buyer shall cooperate with and assist each other in any corrective actions and/or filings.

(b) To the extent a recall is determined to have been caused by a defect, non-conformance or non-compliance, which is the responsibility of Supplier, Supplier shall indemnify and hold harmless Buyer from all reasonable costs and expenses incurred in connection with any recall, repair, replacement or refund program, including all costs related to: (i) investigating and/or inspecting the affected goods; (ii) notifying Buyer’s customers; (iii) repairing, or where repair of the goods is impracticable or impossible, repurchasing or replacing the recalled goods; (iv) packing and shipping the recalled goods; and (v) media notification. Each party shall consult the other before making any statements to the public or a governmental agency relating to such recall or potential safety hazards, except where such consultation would prevent timely notification required by Law.

7.4 **Serial Defect.** If during the warranties contained in Section 9 below, the same defect or non-conformity is resulting from design, manufacturing or supply chain issues in substantially the same manner or affecting in substantially the same manner a part or component from the same manufacturer in twenty percent (20%) or more of Supplier’s components, Buyer may investigate the root cause of such defect or non-conformity and shall determine whether such defect or non-conformity is due to the same cause (“Serial Defect”). Buyer shall provide a report with the results of such root cause investigation to Supplier. If a Serial Defect is determined in Buyer’s request to exist, Supplier shall repair or replace the defective or non-conforming part or component in accordance with the warranty provisions contained in Section 9 below in this Order. With respect to any additional parts or components that have not yet failed, the Supplier shall extend the warranty period for the part or component identified as having a Serial Defect for an additional twenty-four (24) months after expiration of the original warranty period.

7.5 **Non-Conformances.** In the event Supplier provides goods and/or services that do not conform to Buyer’s requirements, specifications or other contractual requirements contained within this Order or in the PO, then the Buyer shall be entitled to apply an administrative fee, unless prohibited by the Law. The Supplier agrees to pay the following administrative fees for such non-conforming goods and/or services: (i) If the non-conformance is detected at a customer site, the applicable administrative fee shall be between $600-1200 USD; (ii) If the non-conformance is detected at Buyer’s manufacturing process or at project site applicable administrative fee shall be between $400-900 USD, and (iii) If the non-conformance is detected by Buyer inspection the applicable administrative fee shall be up to $600 USD. The fees shall be paid in US Dollars (or pay currency equivalent), excluding consumption tax. In Buyer’s sole discretion, Buyer may setoff, deduct or invoice Supplier for such administrative fee. The parties agree that such administrative fees shall in no way limit any other right which Buyer may have under this Order or a PO.

8. **REJECTION.** If any of the goods and/or services furnished pursuant to this Order are found within a reasonable time after delivery to be defective or otherwise not in conformity with the requirements of this Order, then Buyer, at its option may: (a) require Supplier, at its expense, to immediately perform any defective portion of the services and/or require Supplier to immediately repair or replace non-conforming goods with goods that conform to all requirements of this Order; (b) take such actions as necessary to cure all defects and/or bring the goods and/or services into conformity with all requirements of this Order, in which event all related costs and expenses shall be for Supplier’s account; (c) reject and/or return at Supplier’s risk and expense any or all portion of such goods and/or services; and/or (d) rescind this Order without liability. For any repairs or replacements, Supplier, at its cost and expense, shall perform any tests requested by Buyer to verify conformance to this Order.

9. **WARRANTIES.**

9.1 **Supplier warranties** that all goods and services provided pursuant to this Order shall be: (a) free of all claims, liens, or encumbrances (other than liens arising through Buyer); (b) new and of merchantable quality, not used, rebuilt or made of refurbished material unless approved in writing by Buyer; (c) free from all defects in design, workmanship and material; (d) fit for the particular purpose for which they are intended; and (e) provided in strict accordance with all specifications, samples, drawings, designs, descriptions or other requirements approved or adopted by Buyer. Supplier further warrants that it shall perform the services and work hereunder in a competent, safe, and professional manner in accordance with the highest standards and best practices of Supplier’s industry.

9.2 The warranties set forth in Section 9.1 above, shall extend to the future performance of the goods and services and apply for a period of: (a) (i) in the case of non-nuclear power-related goods and services twenty-four (24) months from the Date of Commercial Operation (defined below) of the power plant or (ii) in the case of nuclear power-related goods and services, thirty-six (36) months from the Date of Commercial Operation of the nuclear power plant, where the goods and services are meant to be used or (b) forty-eight (48) months, plus delays such as those due to non-conforming goods and services, from the date of delivery of the goods or performance of the services, whichever period expires first. “Date of Commercial Operation” means the date on which the (nuclear or non-nuclear) power plant has successfully passed all performance and operational tests required by the end customer for commercial operation. In all other cases the warranty shall apply for twenty-four (24) months from delivery of the goods or performance of the services, or such longer period of time as customarily provided by Supplier, plus delays such as those due to non-conforming goods and services. The warranties shall apply to Buyer, its successors, assigns and the users of goods and services covered by this Order.

9.3 If any of the goods and/or services are found to be defective or otherwise not in conformity with the warranties in this Section during the warranty period, Buyer, at its option may: (a) require that Supplier, at its expense, inspect, remove, reinstall, ship and repair or replace/re-perform nonconforming goods and/or services with goods and/or services that conform to this Order; (b) take such actions as may be required to cure all defects and/or bring the goods and/or services into conformity with this Order, in which event all related costs and expenses shall be for Supplier’s account; and/or (c) reject and/or return at Supplier’s risk and expense all or any portion of such goods and/or services. Nothing in this Order shall be interpreted or construed as creating or establishing the relationship of employer and employee between Buyer and Supplier or Supplier Personnel. Buyer has no right to control directly or indirectly the terms and conditions of the employment of Supplier Personnel.

22.2 **Background Checks.** To the extent permissible by Law, and after securing appropriate written authorization from Supplier Personnel, Supplier shall, through the utilization of an authorized background checking agency, perform background checks as set out in [https://www.ge.com/renewableenergy/suppliers/document-library](https://www.ge.com/renewableenergy/suppliers/document-library) prior to (a) stationing any Supplier Personnel to perform services at any Buyer location, facility or work site (each a “Buyer Site”) (for purpose of clarity, “stationing” shall not include periodic attendance or visits to a Buyer Site); (b) granting Supplier Personnel access to Buyer networks; (c) assigning Supplier Personnel to duties that are directly related to the safe operation or security of a Buyer Site, which, if not performed properly, could cause a serious environmental, health or safety hazard; or (d) assigning Supplier Personnel to a Buyer Site that is designated in its entirety as “security sensitive,” even though the work responsibilities, if performed in another context, would not be security sensitive.

23. **CYBERSECURITY FOR GOODS WITH EXECUTABLE BINARY CODE.** Supplier agrees that all goods supplied under this Order that include executable binary code shall comply with the Product Cybersecurity Appendix located at [https://www.ge.com/renewableenergy/suppliers/document-library](https://www.ge.com/renewableenergy/suppliers/document-library).

24. **MISCELLANEOUS.** This Order, with documents as are expressly incorporated by reference, is intended as a complete, exclusive and final expression of the parties’ agreement with respect to the subject matter herein and supersedes any prior or contemporaneous agreements, whether written or oral, between the parties. No course of prior dealings and no usage of the trade shall be relevant to determine the meaning of this Order even though the accepting or acquiescing party has knowledge of the performance and opportunity for objection. No claim or right arising out of a breach of this Order can be discharged in whole or in part by a waiver or renunciation unless supported by consideration and made in writing signed by the aggrieved party. Either party’s failure to enforce any provision hereof shall not be construed to be a waiver of such provision or the right of such party thereafter to enforce each and every such provision. Buyer’s rights and remedies in this Order are in addition to any other rights and remedies provided by Law, contract, or equity, and Buyer may exercise all such rights and remedies singularly, alternatively, successively or concurrently. Section headings are for convenience and shall not be given effect in interpretation of this Order. The term “including” shall mean and be construed as “including, but not limited to” or “including, without limitation”, unless expressly stated to the contrary. The invalidity, in whole or in part, of any section or paragraph of this Order shall not affect the remainder of such section or paragraph or any other section or paragraph, which shall continue in full force and effect. Further, the parties agree to give any such section or paragraph deemed invalid, in whole or in part, a lawful interpretation that most closely reflects the original intention of Buyer and Supplier. All provisions or obligations contained in this Order, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of this Order shall survive and remain binding upon and for the benefit of the parties, their successors (including successors by merger) and permitted assigns including, Sections 2.3(b), 4, 5, 7, 8, 9, 12, 14, 15, 16, 17, 21 and 24.
