

Kieran Murphy

President & CEO, GE Healthcare

Appointed June 2017

Kieran Murphy is President and CEO of GE Healthcare, a \$17 billion medical technology and digital solutions innovator that enables clinicians to make faster, more informed decisions through intelligent devices, data analytics, applications and services, supported by its Edison intelligence platform.

He was previously President and CEO of GE Healthcare Life Sciences, a \$5 billion molecular medicine business providing a broad range of technologies for drug discovery, development and biopharmaceutical manufacturing, as well as molecular tools for diagnostics, therapy selection and treatment monitoring. Kieran joined GE Healthcare in 2008 from Whatman plc, a \$230 million supplier to the laboratory research, life sciences and medical diagnostic industries.

Prior to joining GE, Kieran began his career with Janssen Pharmaceutical, a division of Johnson and Johnson, followed by leadership roles with Mallinckrodt, veterinary medicines provider Vericore, Novartis, Adprotech, ML Laboratories and Innovata plc.
